Kayaking made easy and exciting!

The Birth of Destination Kayak Club

Destination Kayak Club began with a simple idea: to spark a love for kayaking in our local area and showcase the beauty of the place we call home. While we run a full-time summer tourism business in Cherry Grove, we realized that our local community craved their own adventures. But, unlike the typical tourist routes, locals wanted a variety of unique and exciting trips.

That's when we em-

barked on a new journey, creating a membership program tailored just for locals – the J & L Kayak Club. With little idea of where this would take us, we were thrilled to see the club grow, along with the variety of trips we offered.

In 2023, we decided it was time for a change. We gave our membership a dedicated space on the web, transforming it into Destination Kayak Club. This al-

lowed the club to establish its own identity, with a continuous focus on improving and enhancing the member experience.

Now, Destination Kayak Club is better than ever, ready to provide unforgettable adventures for our members. Join us and become part of a community where passion meets adventure, and every trip is a new story waiting to be told.

“Guidelines” of the club... (NO POLITICS!)

To make sure every kayaking adventure is unforgettable, here are a few friendly guidelines. We're committed to helping you get the most out of your membership!

General Trip Sizes...

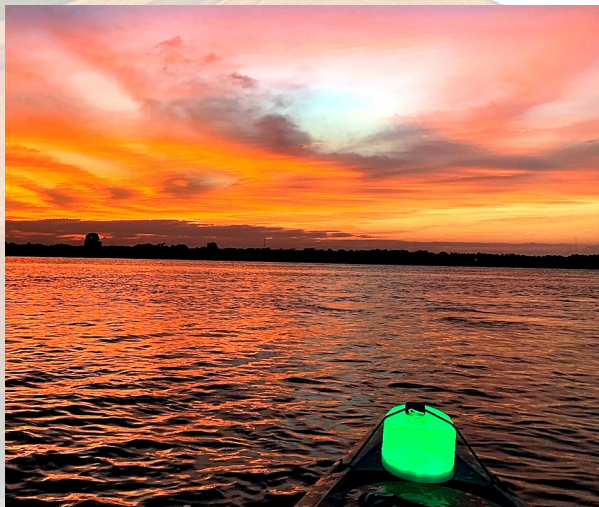

- **6-10 paddlers**

- ◇ We aim to provide the best experience for each member on every trip. To keep things enjoyable and personal, group sizes are generally limited to a maximum of six-ten paddlers plus your trip leader. Some trips and events may accommodate larger groups. In our experience, smaller groups offer a better overall experience for everyone.

Cancellations...

- **Be Courteous**

- ◇ Please book trips with confidence. Reserving your seat can prevent other members from booking. If you need to cancel a trip, please provide as much notice as possible! Each trip has a cancellation policy, so remember to read your confirmations.

Group Etiquette...

- **Enjoy Self-Exploration**

Everyone has different comfort levels when it comes to pace, challenges, obstacles, and conversations. Here are a few things to keep in mind:

- ◇ Make sure to follow your trip leader's instructions and guidance, and always stay within their line of sight.
- ◇ To keep trips safe, groups will stay together and within a reasonable distance of the trip leader.
- ◇ Keep politics out of kayaking; we are here to enjoy nature!
